WP CON & WP CON-C

WHAT IS IT ?

The WPCON and WPCON-C units provide convenient connection points to the Rako wired network for devices such as DMX, RF, WA and WTC Bridge modules. They provide a permanent punch down connection to the Rako network and an RJ11 socket for plug in connection of the devices.

The WP CON & WP CON-C

IN CONTROL

The WP-Con unit is mounted on a standard 86mm² plate with 2 screws fixings to fit a standard 35mm deep single gang UK backbox.

The WPCON-C is mounted in a plastic box with cable strain relief clamps and is designed for ceiling or cupboard mounted appliances.
