Locking system WINSTA® MINI

When using the locking system from the WINSTA® MINI product line, error-free electrical installation is guaranteed. With WAGO, you can enjoy the advantages of a large selection of expansions for the WINSTA® product line. WINSTA® MINI satisfies the demand for miniaturisation. Our smallest pluggable connection system is especially suitable for lights, for example, since as a result of LED technology; due to complex systems, these offer much less space for the connection technology.

Push-in CAGE CLAMP® spring pressure connection technology – pluggable installation instead of laborious screw connections!

WINSTA® is the pluggable connection system that is ideally tailored to the strict requirements of electrical installation. It allows fast, secure and, above all, error-free installation of components and cables. Take advantage of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WINSTA® MINI accessories from WAGO.

- compact design for conductors with a cross-section up to 1.5 mm²
- fast, secure installation

Connection data	
Connection 1	
Actuation type	Operating tool

Mechanical Data	
Suitable	for flying leads; tool operated

Material Data	
Note (material data)	Information on material data can be found here
Color	black
Insulation material	Polyamide (PA66)
Flammability class per UL94	V0
Fire load	0.014 MJ
Weight	0.4 g

Environmental requirements	
Processing temperature	-5 ... +40 °C
Continuous operating temperature	-35 ... +85 °C
Note on continuous operating temperature	Insulating parts for temperatures ≤ 105 °C
