

Product Code: QTB60

Description: 60A 12 Way Terminal Block Strips - Clear

## Dimensions

|                                    |      |
|------------------------------------|------|
| Overall Length (mm)                | 186  |
| Overall Height (mm)                | 25.3 |
| Terminal Entry Diameter (mm)       | 6.5  |
| Overall Width (mm)                 | 29.4 |
| Terminal Housing Height (mm)       | 15.1 |
| Across Terminal Screw Centres (mm) | 15.7 |
| Same Terminal Screw Centres (mm)   | 10.5 |
| Screw Entry Diameter (mm)          | 5    |

## General Information

|                                  |          |
|----------------------------------|----------|
| Colour                           | Clear    |
| Operating Voltage - Maximum (AC) | 380      |
| Rated Current (A)                | 60 to 76 |
| Terminal Area (mm <sup>2</sup> ) | 25       |
| Torque Values (Nm)               | 1.2      |
| Operational Temperature (°C)     | 80       |

## Materials

Body: PE (Polyethylene)  
 Terminals: Brass  
 Terminal Screws: Steel, Zinc Plated

## Standards

BS EN 60998-1: 2004  
 BS EN 60998-2-1: 2004
