

## SENSE power system

Power outlet strip

**SENSE blends design with intelligent functionality, opening automatically without buttons or contact. Its high-precision sensor detects when power is needed, presenting the sockets instantly and closing again when unplugged - keeping the worktop clean and clutter-free. A 3-second touch activates the lock for cleaning, ensuring added safety for the whole family.**

Electrical: BACHMANN Modular Connection & Charging

With optional 22-watt USB-A/C charging, SENSE powers kitchen appliances as well as phones and tablets. Thanks to its compact 129 × 129 mm size and just 40 mm mounting depth, it fits almost anywhere, even above drawers- offering a major advantage over traditional socket towers.

Available in stainless steel or black, SENSE meets premium design standards while delivering standout technology.

- > Contactless opening and closing
- > Intelligent sensor control
- > Reliable locking function
- > Optional 22-watt USB A/C Charger
- > iF Award winner 2012
- > German Design Award nominee
